What I offer

Sara Safety Solutions Ltd is primarily an e-learning training provider for food safety related courses:

- Cost effective, supportive e-learning training sessions on food safety subjects
- Clear aims, objectives and learning outcomes.
- The personal touch in that the engaging delivery is from me directly, a food safety specialist and former Environmental Health Practitioner.
- Access any time is via a professional Learning Management System (LMS) enabling you or your learner to manage your/their learning journey from start to end.
- The courses are accessible from any desktop, tablet and mobile devices
- Instant access to attainment certificates on achieving a pass (via download)
- The ability for you or your learners to address any incorrect test answers as many times as you chose – ensuring learners leave with the correct knowledge.
- Post training support from me via email and telephone
